

Elite Tree Services (East Anglia) Ltd

Environmental Statement

Elite Tree Services (East Anglia) Ltd is committed to meeting the needs of its clients and customers in an environmentally sound manner by seeking to minimize its environmental impact and acting on opportunities to generate environmental benefit.

The Company is committed to achieving continual improvement in its environmental performance.

This policy forms the framework for setting and reviewing environmental objectives.

The Company has set the following objectives:

- To comply with relevant environmental statutory regulations. In particular to use, handle, transport, store and dispose of potentially environmentally damaging materials within the appropriate legislation and codes of practice.
- To practice sustainable forest management through compliance with the UK Forestry Standard and other relevant industry guidelines and to seek best practice in carrying out its activities.
- To take due account of, and enhance as appropriate, issues such as conservation and biodiversity in growing and managing the forest resources of its clients.
- To prevent pollution arising from its activities or services.
- To ensure all employees are made aware of this policy, environmental issues and their responsibilities.
- To ensure all employees are competent to meet those responsibilities through training, communication, sharing of expertise and monitoring of the Company's activities.
- To encourage an environmental awareness and responsibility in its clients, suppliers and contractors by example, instruction and dissemination of information.
- To maintain a strategy for external environmental communications including making this policy publicly available.
