## UNIMOG, CHIPPER, CRANE, TRAILER, WINCH, CHIP BOX

### U1650 UNIMOG (11,300kg GVW, 214HP)

2 & 4 wheel drive and 4 wheel dif lock  
Agricultural and road wheels  
ABS  
Hydraulic pick-up hitch  
2 Speed PTO to front & rear – 6 spline  
Dim plate at front  
N16 PTO outlet for crane

Max. 25T train weight with trainer  
16 speed transmission  
2 Line air trailer brakes  
Rockinger hitch  
3 Point linkage to rear  
3-way tipper  
Demount buck system

As a combined unit the Unimog has many applications (see equipment listed overleaf). For example as seen in the photograph the Unimog has a high through put 10" Duecker wood chipper mounted to the front which feeds into an 3-way tipping 8m<sup>3</sup> chip box on the rear. The 13.7m HIAB085 which gives ample lifting power is positioned to the rear of the Unimog for dismantling of trees and loading of timber onto the 13.5T 3-way tipping trailer. With such superb access abilities on most terrains this is a heavy duty all round machine with unlimited applications. This machine will also run any other equipment suitable for attachment to a 3 point linkage or din plate.

### DUECKER 10" WOOD CHIPPER

Will mount to front or rear of Unimog

Twin hydraulic feed rollers

Anti-stress system

Blower

Fantastic performance and output

### HIAB 085 CRANE

Demountable to enable crane to be positioned behind cab or to rear

Massive 13.7m reach

Radio remote control

Timber grab

Shell bucket

Complete with an 8m<sup>3</sup> chip box (3-Way tipping)

### 13.5T TRAILER

15' x 8' Bed

3-Way tipping

Use as flatbed / timber pins / low sides or high sided chip box

Air brakes with ABS

8T loading ramps

Twin axle

### CHIP BOX

Holds 10m<sup>3</sup> wood chip

3-Way tipping

### WINCH

Demountable fits to front din plate of Unimog

5T capacity
